

Student Affairs Assessment Team
Meeting Minutes, 9/12/2017

Present: Tom Kresch, Ed Valovage, Janet Rarig, Jason Jeremiah, Maddy Rodriguez, George Kinzel, Beth Brennan

Janet provided the agenda.

Jen presented on Club Sport Officers. She noted that, having gone through the process, she understands better how important the initial items are and she will build her learning objectives differently moving forward. There was discussion regarding how we become more effective in getting students to learn what we want them to learn.

George presented on the Leadership Certification process. He explained his methodology in great detail. He noted that facilitators need consistent training. He wants to streamline his process more. There was discussion about collaboration.

There was discussion about the size of the committee and the number of those who attend meetings. Some members are no longer in the division. It seems that those attending the meetings are getting more out of the process. Athletics should have a representative on the committee.

Next meeting's presenters will be Jason Jeremiah and Marguerite Hahn. We will also generate a new schedule.
